SKILLS

- Constantly Learning
- Critical Thinking
- Paying attention to details.
- Troubleshooting
- User Experience Optimization

ABOUT ME

As a Python Developer and aspiring QA Tester, I possess a deep passion for technology and a keen eye for detail.

TECHNICAL PROJECTS

- **Web Platform Development:** Spearheaded the development of an interactive web platform utilizing HTML, CSS, and JavaScript, ensuring a compelling user interface and functionality. (You can see this on my page)

- Currently Learning the Programming language Python (CS50P), and have made projects to learn from the basics to more complex.

- **Database Optimization**: Enhanced SQL database performance, resulting in improved data retrieval times and system efficiency.

- Additionally, I applied my knowledge of C and have completed several troubleshooting projects and personal projects. (CS50 course)

STUDIES

Instituto universitario de Nuevas Profesiones
Computer Sciencie| September 2023 - Present (Expected Graduation: 2026)

Circulos de Estudios Basicos
English Course | 2023 - Present (Expected Finish date july 2024)

Colegio Tirso de Molina
High school | 2018 - June 2023

MY KNOWLEDGE

CS50's Introduction to Computer Science
Scratch, C, Arrays, Algorithms, Memory , Data Structures, Python, SQL, HTML, CSS, JavaScript, Flask, Emoji.

CS50's Introduction to Programming with Python

Functions, Variables, Conditionals, Loops, Exceptions, Libraries, Unit Tests, File I/O, Regular, Expressions, Object-Oriented, Programming, Et Cetera

Udemy´s courses

Python, Java , JavaScript, Software Testing Masterclass, SQL.

Knowledge on agile project management (Jira)
